

FINAL INSTRUCTIONS

28-29th April 2018

Silverstone GP Circuit - 3.67 miles (5.90km)

This meeting is organised by the British Racing & Sports Car Club Ltd governed by the General Competition Rules of the MSA, incorporating the provisions of the International Sporting Code of the FIA, additional Supplementary Regulations and any written instructions the organisers issue for the event.

These Final Instructions should be read in conjunction with any further instructions or bulletins issued by the organisers.

Entry Enquiries: Liz Goodrich

BRSCC, Homesdale Business Park, Platt Industrial Estate, Maidstone Road, Borough Green, Kent TN15 8JL

Tel: 01732 780100 Fax: 01732 885783 e-mail liz@brscc.co.uk

1 Permits

This event will be held under the following MSA Permit numbers:

International 107092

National B 107091

This event is NCAFP permitted

2 Officials

Ferrari Challenge Trofeo Pirelli

Panel of the Stewards

Simone Ossola (Chairman)

Bill Shewan (MSA)

Tony Carwithen (BRSCC)

Race Director

Claudio Garavini

Deputy Race Director

Massimo Gambucci

Technical Scrutineer

Vincenzo Cesolini

Chief Timekeeper

Al Kamel Systems

National Officials

MSA Steward

Bill Shewan

Senior Clerk of the Course

Tony Weatherley

Clerk of the Course

Glynn Lee

Club Stewards

Tony Carwithen, Mike O'Connor

Secretary of the Meeting

Liz Goodrich

Chief Scrutineer

Robin Baxter

MSA Timekeeper

Andrew Craker

Chief Marshal

Paul Parkin

Chief Medical Officer

Dr Gabriel Awadzi (Saturday), Dr Kevin Zammitt (Sunday)

BRSCC Safeguarding Officers

Liz Goodrich, Penny Mattocks

3 Passes

Tickets and vehicle passes for Ferrari Challenge competitors will be available at the Ferrari Welcome Centre which is located in Car Park 49 near the main entrance. Tickets & passes have been posted out to competitors in the Pirelli Ferrari formula classic Series.

Please note that private cars will NOT be allowed to park in the paddocks. Ample parking has been provided for private cars and personnel are asked to use these car parks.

4 Health & Safety

At all times whilst in the confines of the venue competitors should comply with the Circuit and Club Safety Guidance notes printed further on in this document.

5 Pit & Paddock Areas

Any competitor/team who may have stationed themselves in the incorrect place (according to the plan issued by the Ferrari Challenge) in the paddocks and has refused to move when asked by a BRSCC official, may be reported to the Race Director.

Final Instructions – Silverstone GP- 28-29th April 2018

6.1 Engine/Noise Pollution

Engines must not be run before **08:45hrs or after 18:00hrs**. Circuit Security Contractors and the paddock parking team are empowered by the organisers to strictly enforce this regulation.

6.2 Paddock

- (a) Waste oil should be removed from the venue or disposed of in the waste oil containers where provided.
- (b) All domestic rubbish must be placed in the bins provided and any scrap vehicle parts including tyres must be removed from the venue.
- (c) Under no circumstances must any paddock surface be broken in any way i.e. tent pegs/stakes etc.
- (d) Hospitality is not permitted in the paddock/pit area without the express permission of the circuit owners. The only exception to this is hospitality for competitors and official team personnel.

6.3 Pit Lane

- (a) The outer lane or lanes are to be kept unobstructed to allow safe passage of cars at all times. The onus shall be on all drivers to take due care and drive at minimum speeds in the Pit Lane. **Occupants of the pit garages are reminded that during any other qualifying session or race, their race cars must be totally inside the pit garage and all ancillary equipment cleared to the inside of the garage.**
- (b) Please observe the pit lane speed limit which is **60kmh**.
- (c) The Stop/Go penalty box is located in the pit lane in front of the Race Control building.
- (d) Refuelling in the pit lane is not permitted unless allowed for in the Championship/Series Regulations.
- (e) Teams are not permitted to allow unaccredited guests access to the pitlane via their garage.
- (f) Children under the age of 16 years are not permitted in the pit lane area.

6.4 Support Vehicles

The use of vehicles is not permitted unless towing a trailer for the purpose of transporting ancillary motor race equipment in the pit and paddock area. No competitor may use a support vehicle in the pit road at any time unless authorised by a race official. Any misuse of “support vehicles” will be brought to the attention of the Senior Officials and appropriate action may be taken.

6 Signing on for Competitors

Ferrari Challenge competitors will sign on in **Race Administration – 1st Floor Race Control – Entrance 4** from **08:00 until 14:00 on Friday 27th April 2018**.

Pirelli Ferrari formula classic Series competitors will sign on in **Garage 37** from **14:00 until 14:30 on Friday 27th April 2018**.

7.1 All Competitors/Entrants must provide at Signing-On:

- (a) Competition Race Licence/Entrants Licence (Where applicable)
- (b) Drivers Medical Certificate (if not incorporated in the Licence)

Competitors with Non MSA Competition Licences are reminded that under Article 2.3 of the International Sporting Code, written approval must be given by their ASN to compete in this event. Written approval will be checked at signing on. Drivers are reminded that licences, medicals and upgrade cards must be valid, bearing a recent photograph and be signed by the driver before presentation to the officials at Signing On. Without these they are not valid.

7.2 It is the responsibility of the driver to collect his/her licence and/or upgrade card after the event.

7 Scrutineering

Ferrari Challenge competitors will be scrutineered in situ from **08:00 to 14:00 on Friday 27th April 2018**.

Pirelli Ferrari formula classic Series competitors will be scrutineered in situ from **15:45 to 16:45 on Friday 27th April 2018**.

At Scrutineering drivers must provide:

- (a) Competition Car
- (b) Paperwork from BRSCC Officials confirming driver has signed on.
- (c) Crash helmet, visor or goggles, gloves, boots, overalls & FHR device
- (d) Vehicle Identification forms (if required)
- (e) MOT/road fund licence (if required)

In line with MSA regulation K.10.4.1, FHR devices require a sticker to be attached. For those competitors without a sticker on their FHR, these will be available at a cost of £2.50 from the Scrutineering Bay.

8 Eligibility

In addition to the Championship/Series Eligibility Scrutineers, eligibility may be checked by a member of the MSA Technical Commission as listed in the MSA Officials' Yearbook Appendix 5(d).

9 Drivers Briefings

- (a) Drivers who have not previously raced on the Circuit in its current configuration will be issued with Briefing Notes at Drivers Sign on.
- (b) Individual Championship briefings are as follows:

Ferrari Challenge Trofeo Pirelli	09:30 on Friday in the Auditorium
Ferrari Challenge Coppa Shell	11:30 on Friday in the Auditorium
Pirelli Ferrari formula classic Series	09:00 on Saturday in the Auditorium

10 Circuit Access

All competitors will access the circuit via the Pit Lane Exit.

11 Qualifying

Qualifying will take place as per the timetable. It is the driver's responsibility to be ready at least 20 minutes before their timetabled session. Scrutineering labels must be affixed to the vehicle and clearly displayed before it will be allowed onto the track.

12 Race Start Procedure / Grids/Safety Car

All start procedures will be in accordance with the Series regulations and the terms of the Circuit Licence. It is the competitor's responsibility to ensure that they are ready in good time. Under ideal conditions the racing programme may be brought forward.

Where races are for a set time duration, the chequered flag will be shown to the race leader the first time he passes the Finish Line after the time has elapsed.

12.1 Rolling Start

The following Series will use a Rolling Start:

- **Ferrari Challenge Trofeo Pirelli**
- **Ferrari Challenge Coppa Shell**

Vehicles will be released onto the circuit via the Pit Lane Exit and line-up in a **1 x 1 formation**. See Section 19.1 of the Sporting & Technical regulations for the full starting procedure.

12.2 Standing Start

The following Series will use a Standing Start:

- **Pirelli Ferrari formula classic Series**

Vehicles will be released onto the circuit via the Pit Lane Exit and line-up in a **2 x 2 formation** as directed by the marshals. Once all drivers are stationary there will be a one minute countdown; 30 second board and then the cars will be flagged away for the Green Flag lap. Once this lap has been completed and vehicles are stationary the 5 second board will be shown then the red lights will be displayed. At some time between 2 and 7 seconds the red lights will switch off – signalling the start of the race.

12.3 Safety Car Intervention

The Race Director will have the facility for the use of the Safety Car in accordance with the Championship / Series regulations. It is the driver's responsibility to make sure they are fully aware of these regulations. The Safety Car will join the circuit from the pit lane exit and will exit the circuit via the pit lane entrance.

12.4 Full Course Yellows

For the Ferrari Challenge races the Race Director has the option of using the Full Course Yellows system.

In the event of circuit light failure for either start type the Union/National flag will be used to start all races.

13 End of Track Session Procedure

13.1 At the end of each track session be it qualifying or the actual race, all vehicles must slow down after taking the chequered flag and leave the circuit via the Pit Lane Entrance.

13.2 At the end of your race, presentations will be carried out in accordance with Series regulations. Please follow instructions of race marshals etc.

14 Judges

Judges will be appointed in accordance with MSA Regulation [Q 18].

15 Race Day Information

The organisers will try to run the programme as published, but they reserve the right to delay or bring forward event times to suit the conditions of the day. Copies of practice times, grid sheets, provisional results and official bulletins etc will be available from the Race Administration.

16 Video Equipment

- (a) Video equipment must not be fitted to any vehicle without express permission from the circuit if it is to be used for commercial purposes. Any driver/team transgressing this regulation maybe subject to a fine of £1,000 and exclusion from the event.
- (b) Video equipment must be fitted to the vehicle prior to scrutiny and the scrutineer must be advised.

17 Social Media

Please take time to read the MSA's guidelines on Social Media which can be found at <https://www.msauk.org/assets/msasocialmediaguidelines-6.pdf> Please refrain from making comments about fellow competitors and officials that could be interpreted as bringing your championship, the hosting circuit, the BRSCC and individual drivers and officials into disrepute.

18 Special Circuit Notes

18.1 Paddock

The roadways within the Paddock Area and the Fire Lane immediately behind the Pit garages must be kept clear of all vehicles at all times. It is prohibited to park vehicles so that they are backed up against the Pit Garage doors. A 20 mph speed limit is in force in all areas of the Venue, except the Paddock where a 5 mph speed limit is in force. Scooters are permitted on the venue, where the rider holds the appropriate licence and helmets must be worn. Mini Moto's are NOT permitted on site. Passengers are not permitted to ride on quads, unless the quad bike is specifically designed to carry passengers. Scooters and quad bikes are not permitted on any grass verges, banks, or any general public areas such as trade malls, and they must adhere to designated vehicle routes. Scooters and quad bikes must be in a road worthy condition and fitted with lights. No one without a valid driving licence is permitted to drive a scooter or quad bike. Alcohol is strictly prohibited whilst driving any vehicle at the Venue. Riding on trailers is strictly prohibited. Tail lifts must be left either up or down. Anyone found in breach of any of these terms will have their vehicle confiscated.

18.2 Illegal Driving

All competitors are reminded that they are liable to exclusion from the meeting if any person associated with their team who is below the age at which a driving licence may be issued, is seen riding or driving a motor vehicle of any type within the paddock, or any other part of the grounds. Competition vehicles must not be used to transport personnel unless the passenger is contained within the framework of the vehicle.

18.3 Pit Signalling Wall

This must be kept clear of all personnel at the start of each race until all cars have entered Abbey on the first lap.

18.4 Start / Finish Straight

Drivers who deliberately take to the grass verges between the starting grid and Abbey in order to gain an advantage, may be Black Flagged.

18.5 Merchandising

All merchandising rights on the venue belong to Silverstone Circuits Limited. Any competitor found to be selling merchandise without Silverstone Circuits Limited's prior written authorisation will be liable to immediate payment of the relevant sales site fees before being allowed to practice or race.

18.6 Track Limits

Competitors in the **Pirelli Ferrari formula classic Series** should be aware that specific guidance has been issued by the MSA regarding the penalties to be applied for drivers breaching track limits. These are as follows:

- 2nd offence - warning flag
- 3rd offence - 5 second penalty
- 4th offence – 10 second penalty
- 5th offence - drive through penalty
- 6th offence – disqualification

Competitors may also have their fastest lap times in practice/qualifying disallowed if they breach track limits.

18.7 Children

The paddock during testing and meetings is deemed to be a ‘workplace’ and can be very hazardous, therefore, we must insist that children under the age of 16 must be accompanied and under the direct supervision of an adult at all times. Children are not allowed to ride cycles on site without direct supervision of an adult and they must wear cycle helmets

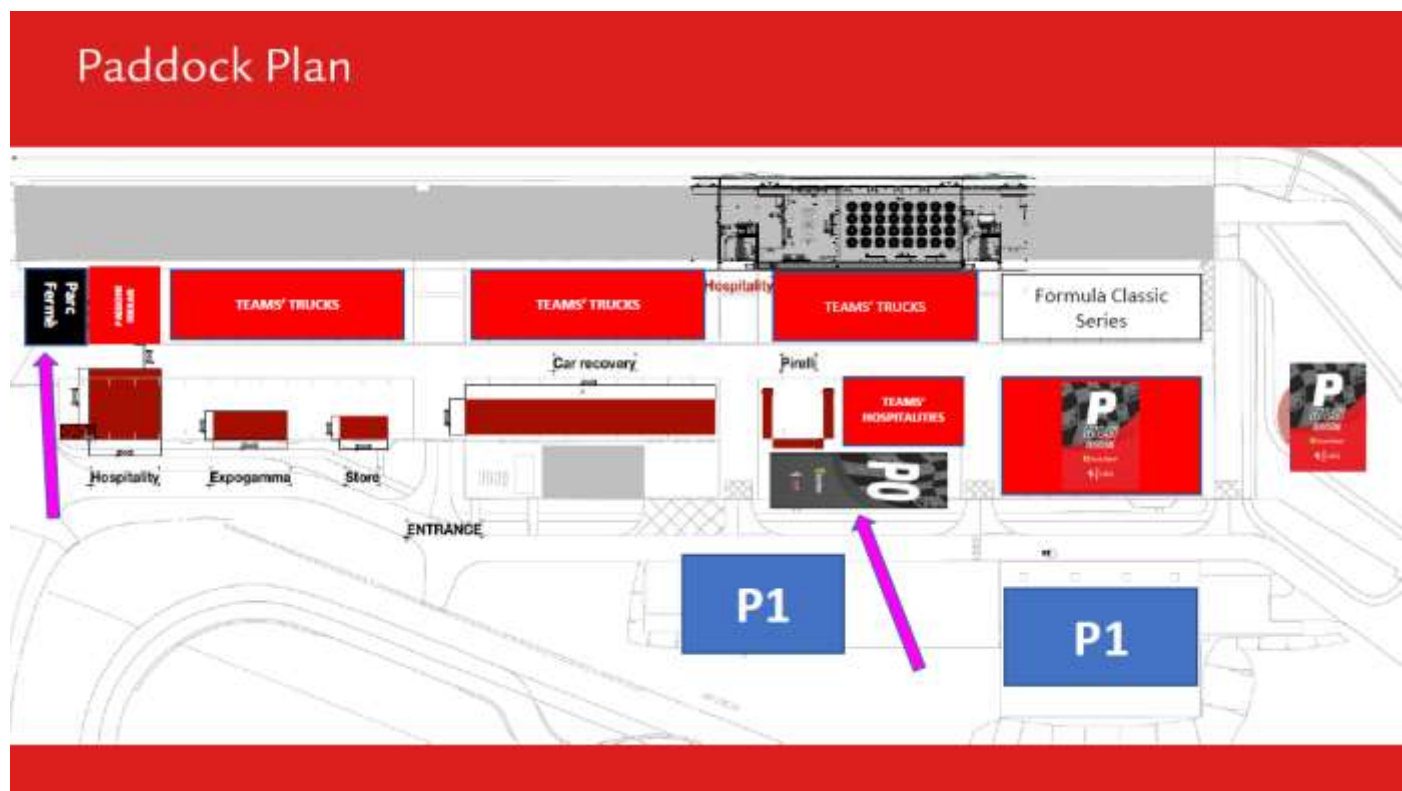

18.8 Oil Spillage

Please ensure that you pull off the circuit onto the run-off areas as soon as you are aware of an oil leak. If there is significant damage to the track you may be liable to the circuit for the cost of repair.

22 Circuit & Club Safety Guidance Notes

It is the sole responsibility of the Entrant/Competitor to ensure that all of the below safety requirements are enforced. The Entrant/Competitor acknowledges that the below list is not an exhaustive list and that it is their responsibility to enforce the below items and any other such safety measures they deem appropriate.

Please can you ensure that you adhere to the following:

- Please be aware of other teams, participants, contractors, pedestrians and SCL staff in the paddock, garages and pit lane. You are responsible for your own safety and that of other users of these areas who may be affected by your operation.
- It is your responsibility to risk assess your operation and take the appropriate action to remove or minimise any hazards.
- If you are reversing HGVs or other vehicles with restricted viewing then please have a banksman to help you reverse, and ensure that they are wearing hi-vis clothing.
- Please do not leave any cables or hoses across walkways. Use the cable ducts provided, or cable matting.
- Please make yourself familiar with the garage, paddock and pit rules.
- You are permitted 1 truck wash upon entry to the venue. If you are caught washing your vehicle without permission you may be subject to a £100 fine.
- If you have any issues of concern or see any hazards please report them to race control.

1 Storage and Use of Petroleum Spirit

- i) All petroleum spirit must be stored in metal containers complying with the relevant European Standard, away from any source of ignition.
- ii) All containers must be indelibly marked "Petroleum Spirit - Highly Flammable."
- iii) All empty containers must be removed from the Venue after the Event.
- iv) Petrol is to be used as a fuel only, and not for any other purpose.
- v) All vehicle refuelling is to take place in the open air. The person in charge of the refuelling process must enforce a no smoking ban.
- vi) Your attention is drawn to the Petroleum (Consolidation) Act 1928, and the Petroleum Spirit (Motor Vehicles) Regulations 1929 and Petroleum Consolidation Regulations 2014.
- vii) Competitors and entrants are reminded that fuel is available for sale at the Venue. As such it is unnecessary for competitors to carry large quantities of fuel inside vehicles.

2 Hazardous Substances

- i) Some vehicle parts, for example brake and clutch linings contain asbestos. Entrants are encouraged to use non-asbestos substitutes wherever possible. Where asbestos is used, every effort should be used to prevent asbestos dust getting into the air.
- ii) Some mineral oils may cause skin cancer. Prolonged contact should therefore be avoided wherever possible. Where contact does occur any contamination should be washed off immediately. The wearing of contaminated clothing (including overalls) should also be avoided.
- iii) Various other substances may cause disease or ill health even after very short exposures e.g. degreasers. Manufacturers and suppliers of such substances are obliged to provide customers with information about the possible harmful effects of their products upon request. Where hazardous substances are brought on site a Material Safety Data Sheet (MSDS) must be available upon request.
- iv) Where any person is at work, the requirements of the Control of Substances Hazardous to Health (COSHH) Regulations 2002, must be complied with.
- v) The Championship Regulations must always be complied with when selecting vehicle parts.

3 Electrical Safety

- i) Power cables must not be connected to the toilet blocks. If onsite power is not available, for example outside of the paddock areas then the teams must bring their own power.
- ii) Extension leads cables should be flexible and not of semi rigid cable of the type used for household wiring. Neoprene covered cable will resist damage by oil.
- iii) All electrical equipment to be used externally should be weatherproof.
- iv) Hand tools should preferably be of the "double insulated" or "all insulated" type, as these provide valuable protection against electric shock.
- v) Electrical equipment and hand tools should not be used in areas where flammable vapours may be present, for example where fuel is being stored or refuelling is taking place.
- vi) Where any person is at work the requirements of the Electricity at Work Regulations 1989 must be complied with.
- vii) Only diesel generators are permitted on site NOT petrol.
- viii) Cables must not cross any walkways if at all possible. If they do cross walkways they must be properly secured so as not to

Final Instructions – Silverstone GP- 28-29th April 2018

present a trip hazard

- ix) All portable appliances must be PAT tested and all electrical equipment must be maintained in a safe condition.

4 Fire Precautions

- i) Smoking is prohibited in all pit garages and in the pit lane and within all buildings within the venue.
- ii) All potential sources of ignition should be kept away from petroleum spirit and vapours.
- iii) The lighting of barbecues is prohibited in the pit garages, paddock and pits area. Any teams found lighting barbecues will be subject to a £1,000 plus VAT fine.
- iv) All teams should carry a suitable fire extinguisher in accordance with the relevant Governing Body's regulations.
- v) Fire extinguishers should not be removed from fire points unless they are to be used on a fire.
- vi) All fires must be reported immediately to an official or member of the Venue management.
- vii) Teams are encouraged to train their members in the correct use of fire extinguishers.
- viii) All fire notices and orders to evacuate must be complied with.

5 Compressed Gas Equipment

- i) Air blasts from the over inflation of tyres can cause injury. Tyres should therefore not be inflated to pressures above the manufacturers' recommendations.
- ii) All airlines should be in good condition and be inspected regularly.
- iii) Always stand clear when inflating tyres.
- iv) Any form of horseplay involving compressed air or gas is prohibited.
- v) Compressed gas cylinders should be stored in accordance with the relevant working practices.
- vi) Where any person is at work the requirements of the Pressure Systems and Transportable Gas Containers Regulations 2000, must be complied with.

6 Jacks and Axle Stands

- i) Vehicles should only be raised on jacks which are in good condition, and rated to lift the vehicle weight safely.
- ii) Jack vehicles only on level undamaged floors.
- iii) Use the hand brake and /or chocks to stop the vehicle moving.
- iv) Jacks should only be used for lifting the vehicle. Axle stands should always be used to support the vehicle weight.
- v) Vehicle engines should not be run whilst the weight of the vehicle is supported by axle stands

7 General Working Practices

- i) All working areas should be kept clean and tidy, and any waste should be removed regularly and placed in the containers provided.
- ii) All spillages should be cleaned up immediately.
- iii) All trailing wires and hoses should not be allowed to create a trip hazard.
- iv) Whenever vehicle engines are being run, adequate ventilation must be ensured.
- v) All safety notices must be complied with.
- vi) Any person carrying out any work must ensure that they adopt safe working practises at all times, and comply with any relevant statutory provision and/or published guidance.
- vii) Persons under the age of 16 are not allowed in the pits area or pit lane and must be accompanied by an adult at all times.

8 Noise

- i) Exposure to excessive noise may result in hearing loss or other complaints. These may be short term, or, after repeated exposure, permanent.
- ii) All persons should avoid being exposed to excessive noise, and where this is unavoidable, they should wear earplugs or defenders to the appropriate British Standards.
- iii) Where any person is at work the requirements of the Noise at Work Regulations 2005, must be complied with.

9 Manual Handling of Loads

- i) Lifting, carrying and propelling loads by bodily force is a major cause of injuries. All teams are encouraged to train their members in safe manual handling techniques.
- ii) Where any person is at work the requirements of the Manual Handling of Loads Regulations 2002 must be complied with.

10 Waste

- i) All waste oil must be placed in the containers marked "waste oil." **Nothing other than waste oil only must be put in to these containers.**
- ii) Waste tyres and empty petrol/oil containers should not be left at the Venue.
- iii) Teams and competitors are urged to take any other form of waste with them when they leave the Venue, or to place it in the refuse containers provided. Black – General Waste and Green – Paper and Cardboard. All tyres/fuel cans and carpet remains to be taken off site on departure. Please note that they will be a charge for all tyres, carpet and waste oil cans left

Final Instructions – Silverstone GP- 28-29th April 2018

on site.

- iv) Your attention is drawn to the requirements of the Environmental Protection Act 1990,
- v) Sewage/foul waste from motor homes must not be disposed of onsite, including into toilets. Any Teams and Participants found to be violating this condition will be subject to pay any costs incurred by SCL as a result including any additional cleaning services. Additionally, waste point plugs must not be left open to allow waste to drain on site or public roads. The only exclusion is if motor home waste can be carried to the applicable waste point in a cassette. Caravan waste contained within a cassette can be disposed of in the designated waste point which is in Bay 51 of the support Paddock adjacent to the National Paddock. In the International Paddock, the waste point is to the right of Garage 41, just outside the Paddock. Under no circumstances must the public toilets be used.
- vi) Only one truck wash is permitted upon arrival to at the venue. Anyone caught washing their truck more than once may be subject to a £100 fine.
- vii) No stickers or tape are permitted on any walls, doors or floors. Any costs incurred by SCL to remove such items will be passed onto the Teams.

11 Vehicle Safety

- i) A 20 mph speed limit is in force in all areas of the Venue APART FROM THE PADDOCK WHERE IT IS 5MPH. Vehicles moving to and from the assembly area or when leaving the circuit following a race must also take particular care when moving through pedestrians. This applies to all vehicles, including moped, motorcycles and buggies, with the exception of emergency vehicles attending an incident. Failure to adhere to this speed limit may result in the offending vehicle/driver being removed from the Venue.
- ii) Other than speed restrictions, the normal rules of the road apply whilst on site. Vehicles should not be used for purposes other than their design and the number of passengers should not exceed the design limit. For the avoidance of doubt scooters, quad bikes and motorcycles are not permitted on any grass verges, banks or any general public areas such as trade malls and food courts.
- iii) Persons riding mopeds and motorcycles up to a capacity of 125cc must have a current UK provisional driving license or its international equivalent.
- iv) Persons riding motorcycles with a capacity of greater than 125cc must have a current full UK motorcycle license or its international equivalent.
- v) Any motorcycle, moped, scooter or other such bike/trike/quad must be ridden with all due care, the rider must have an appropriate safety helmet, and the vehicle must be road-legal, taxed and insured.
- vi) All vehicles must at all times keep to the marked roads when moving around the Venue.
- vii) Mini Motos are not allowed at the venue
- viii) Quads can only be driven by persons who hold a valid full UK licence (or international equivalent). Unless the quad has been adapted then no more than one person should ride on it. Helmets should be worn at all times.
- ix) No persons should ride on any trailer at any time and tail lifts must be left either up or down, not half way.
- ix) Persons under 16 years of age are not allowed at any time to drive a motorised vehicle.

12 First Aid

- i) Any person sustaining an injury or feeling unwell should seek treatment from the onsite emergency services or the Medical Centre.
- ii) To call the first aid or emergency services contact any official or member of the venue management.
- iii) Please check with the Club or Organiser to understand what time medical cover is available at the Circuit. Outside of these hours please call 999 and notify an official as well as Venue Control who can be contacted on 01327 320 308.

13 Public Safety

- i) Competitors and entrants should be aware that the Paddock may be open to the public and should act in a manner so as not to put either themselves or any other person at risk from injury
- ii) Competitors and entrants should exercise particular caution when the paddock is busy, and during pits and circuit walkabouts.

14 Incident Reporting

All accidents where any person sustains injury, or could have potentially sustained an injury i.e. a 'Near Miss' or where damage to property occurs must be reported immediately to an official or a member of the venue management. Any serious incidents – including those on track – must be reported to the SCL Duty Manager ASAP and the form included within this agreement must be completed. It is the responsibility of the Client where applicable to report all accidents and incidents under the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 1995 (RIDDOR) to ensure that any incidents and/or accidents are reported to the regulatory authority.

15 Governing Body Regulations

Competitors and entrants are reminded of their obligations to comply with the requirements of the appropriate Governing Body's regulations at all times and these Guidance Notes should be read in conjunction with all other relevant regulations.

16 Work at Height

All work at height must be carried out in accordance with The Work at Height Regulations 2005.

The Regulations require employers to ensure that:

- all work at height is properly planned and organised;
- A risk assessment is carried out to decide whether precautions are needed and in what form.
- those involved in work at height are competent;
- the risks from work at height are assessed and appropriate work equipment is selected and used;
- the risks from fragile surfaces are properly controlled.
- equipment for work at height is properly inspected and maintained.

17 Marquee Erection

Marquees or other temporary structures used to accommodate people will have the following hazards associated with their construction:

- Underground services – cable strike potential
- FLT movement
- Collapse of structure
- Injury from or by neighbouring contractors
- Accidents to members of the public
- Fire

A risk assessment and method statement should be submitted prior to any marquees or temporary structures being erected. Work must be planned accordingly in order to reduce such risks. Work will not be permitted until the contractor is instructed on the location (or absence) of services in the designated area.

Contractors must ensure that members of the public and other non-essential personnel are not allowed access to the work area.

Please note that Contractors should not attempt to drill or stake any concrete or tarmac surface without the express written confirmation from SCL. Failure to do so will render the Contractor liable to the full cost of repair to these surfaces and any resulting damages incurred.

Under no circumstances must marquees or other temporary structures be tethered to any fences or buildings.

18 Site Entry/Parking

No private motor vehicle shall be brought onto the Company's premises unless it is necessary for the conveyance of materials to the work site. A temporary pass must be obtained from Security on each occasion that this is necessary. This must be displayed in the vehicle windscreen at all times.

Contractor's vehicles must be properly roadworthy, insured, carry appropriate documentation, and be driven by competent persons.

Unless otherwise authorised to stay on site, cars and vans must be returned to the outside car parks after delivery of equipment. If permitted to remain on site, vehicles must only be parked in positions approved by Security. Under no circumstances are contractors private vehicles allowed on to the circuit.

19 Garage Rules

i) Overnight

- Space heaters must not be left unattended, and must be switched off when not in use.
- All electrical equipment must be unplugged when not in use.

ii) Waste Disposal

- Please use the drums provided for the disposal of any oil.
- **DO NOT** use the drains.
- **DO NOT** put anything other than waste oil in the drums.
- Tyre disposal is that of the owner not SCL. It is the Customer's responsibility to ensure this is communicated to teams and enforced. If waste tyres are left on site after the Event SCL will charge the Customer £500 to cover removal costs.
- Oil can disposal / removal is the responsibility of the Customer, Competitors and Teams. Disposal costs will be applicable for any oil cans left on site
- Large items that are left behind may incur disposal costs so please ensure that these items i.e. carpet, display boards etc. are taken with you

Final Instructions – Silverstone GP- 28-29th April 2018

- iii) Assistance
 - Please note that the garage floor is potentially slippery when wet
 - Please use the signs available

20 Dos & Don'ts

- i) Dos
 - Beware of and give way to pedestrians.
 - Park in the allocated bays.
 - Remove your rubbish to the designated storage area.
 - Store any fuel safely.
 - Dispose of any waste oil in the drums provided.
 - If camping overnight keep to the designated areas.
 - Keep tail lifts either fully down or fully up.
 - Leave the area as you would like to find it.
 - Supervise your children at all time.
 - Wear hi-vis clothing at all times during build and break down and when reversing vehicles
 - Remove any tape used in the pit lane on the concrete area
- ii) Don'ts
 - Use Copse runway, adjacent car parks or other roads inside the circuit as practice areas.
 - Ride a scooter/moped if you don't have a licence.
 - Leave any tyres. Take them away with you.
 - Travel on the back of a trailer.
 - Ride more than 2 up on a scooter or a quad.
 - Drive on the grassed areas around the circuit.
 - Trail cables and/or hoses across walkways.
 - Block bins or they will not be emptied
 - Put stickers on doors.
 - Drill on the pit wall without prior consent from SCL
 - Use any form of tape on doors or walls both internally and externally

21 Storage and Use of Liquefied Petroleum Gas (LPG) Refuelable Cylinders

Liquefied Petroleum Gas (LPG) is the generic term used to describe propane, butane, or mixtures of the two gases. It is heavier than air and will therefore collect at the low levels such as cellars, pits, drains or basements. LPG is extremely flammable and readily forms explosive air-vapour mixtures. The main hazards in the storage and use of LPG are leakage, which leads to possible fire or explosion risks; and inadequate ventilation, which leads to the build-up of toxic gases due to incomplete combustion.

In addition to the general requirements of the Health and Safety at Work etc Act 1974, and the subsequent Management, Provision and Use of Work Equipment the Dangerous substances and Explosive Atmospheres Regulations 2002 also apply

Storage and Use of LPG in cylinders

- Cylinders in use should preferably be located in the open air, but where this is not possible they should be positioned so that there is adequate ventilation at low level to the open air.
- Quantities of LPG should be kept to the minimum needed.
- Warning signs must be displayed indicating the presence of LPG and prohibiting smoking and the use of naked flames.
- Appliances/equipment using LPG should be installed, commissioned and regularly maintained in accordance with the manufacturers/suppliers instructions.
- Regular inspections for leaks should be carried out. Naked lights must not be used for this purpose.
- Empty cylinders should be treated in the same manner as full ones but should be kept separate, and the valves should be closed.
- Cylinders should be used with the valves in the upright position.
- Cylinders not to be changed in the presence of naked lights.
- Pipework should be rigid metal, but the final pipe connection to the appliance may be of purpose made rubber hose which must comply with BS3212. This must be replaced before the date printed on it. Hoses should be kept as short as possible
- Clips should be used to hold the rubber hose onto the fitting instead of just pushing the pipe on
- Each and every LPG supply must terminate with an accessible emergency shut off valve immediately before the

Final Instructions – Silverstone GP- 28-29th April 2018

appliance.

- Regulators should comply with BS 3016 or BS EN 12864 and be correctly matched to both the type of gas and the appliances in use.
- All fittings and threads which connect to the cylinder must be clean and undamaged.
- Sealants must never be used.
- Where spanners are in use they must be those produced for the purpose (e.g. Calor Spanner).

In the Event of Fire

- Inform Race Control immediately they will call fire brigade if required.
- Shut all valves on cylinders.
- Keep cylinders cool by water spray if possible.
- It is inadvisable for untrained personnel to attempt to extinguish a fire involving LPG
